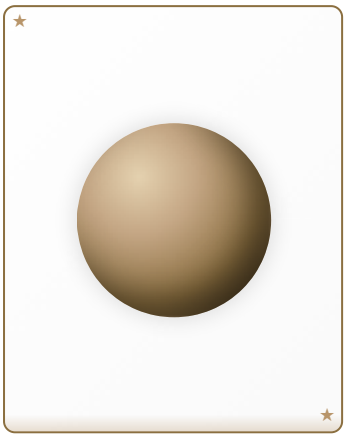
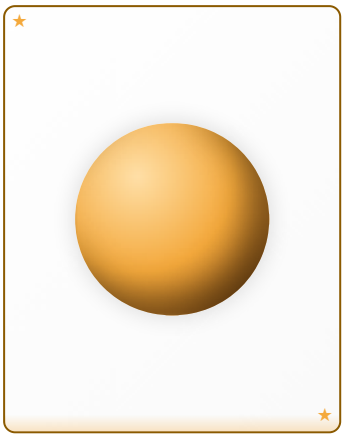
★ PLANETS FOR KIDS ★

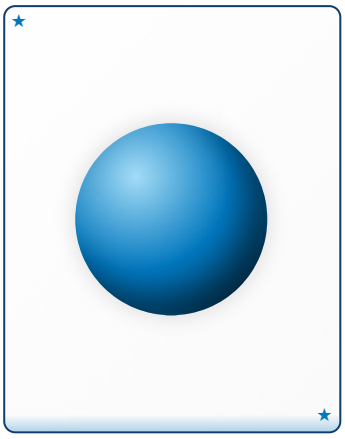
PLANET MEMORY MATCH

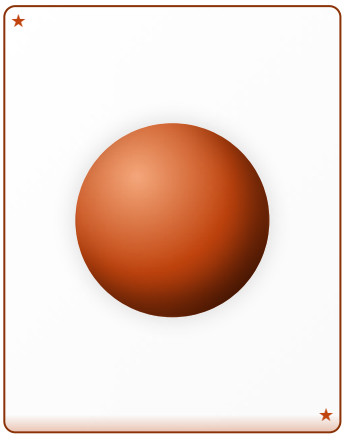
Cut along the dashed lines. Shuffle. Place face-down. Match each orb to its planet name!

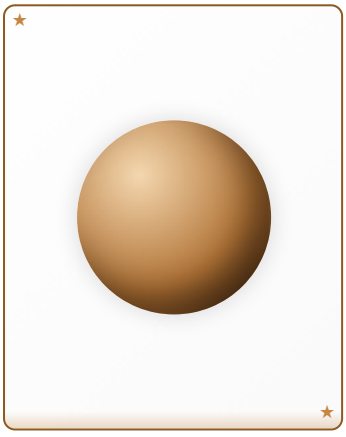
HOW TO PLAY: 2–4 players. Lay all 16 cards face-down. On your turn, flip 2 cards. If they match (orb + correct planet name), keep them and go again. If not, flip them back. Most pairs at the end wins. **Tip:** Younger kids can play with all cards face-up as a sorting game.

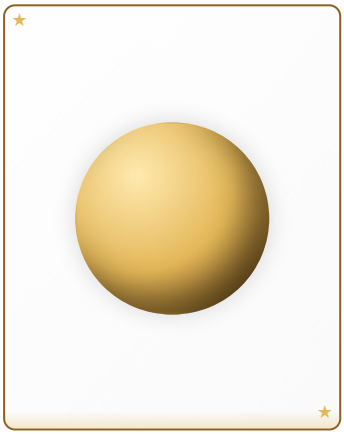


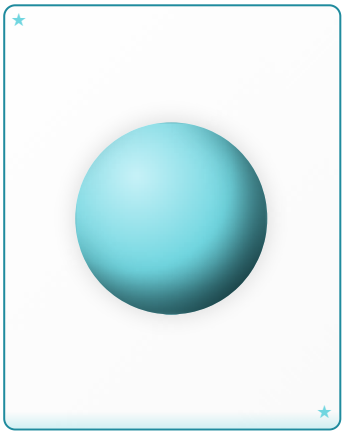


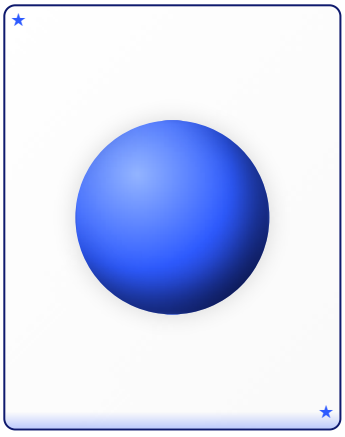












MERCURY

Smallest planet · 88-day year · No moons

VENUS

Hottest planet · Spins backwards · Day longer than year

EARTH

Has oceans · The only world with life · 1 Moon
